NOTIFICATION.

The 21st May 1874.—The following rule for the Port of Calcutta having received the assent of the Governor-General in Council, under Section 7 of Act XXII of 1855, is published for general information:—

Additional Port Rule under Section 7 of Act XXII of 1855.

"Without the permission of the Commissioners, no vessel of, or exceeding 200 tons of burthen, shall move up or down the port through the opening of the Hooghly Bridge, unless such vessel is propelled or towed by steam; and then only at such a rate of speed, not exceeding four miles an hour over the ground, as is absolutely necessary to keep good steerage way."

H. L. DAMPIER,
Secy. to the Govt. of Bengal.

NOTIFICATION.

The 29th April 1874.—It is hereby notified for general information that three new buoys (iron) have been laid to mark the entrance of the Burabulung or Balasore river, viz. the "outer bar buoy" in 6 feet at low-water, painted black; the "inner bar buoy" in 3 feet at low-water, painted red; and the "Elfin flat buoy" in 3 feet at low-water, painted black.

A vessel bound for Balasore should first make the Balasore buoy shewn on all charts of the head of the Bay of Bengal, then steer north-west for the "outer bar buoy," pass close to south of it, and steer for the red or inner buoy; when this is reached, she should haul up north and pass close to the "Elfin flat buoy," after passing which she can run right into the river mouth.

There is only one foot at low-water springs on this bar, with a rise of tide of 13 feet; owing to the heavy sea which runs here at times, vessels should only cross the bar at high-water.

A beacon, called "Fairy beacon," to be put up on the south side of the river entrance, which will be useful in event of any of the buoys breaking away.

A tidal gauge has been erected opposite Balramghury house, levelled to 2 feet below low-water level of the tide of 23rd February 1874. This gives approximately the zero of driest season of the year; zero on this gauge gives one foot at low-water on Balasore river bar.

The Balramghury flag-staff will show the following signals for information of vessels entering the river:—

Ensign at yard-arm	Vessel leaving river.
" at mast-head	" entering river.
First cones at yard-arm	Low-water.
Second cones at yard-arm	High-water.

The students of the first and second years will have to pass preliminary examinations, and there will be a final examination after the third year of study (the exact nature of which will be determined by the Council of the Calcutta Medical College).

The final examination will be conducted by a Committee, consisting of the Deputy Surgeon-General of the Circle, the Superintendent of the School, and another medical officer, assisted, if necessary, by the teachers, who will themselves conduct the class examinations of first and second year's students.

On successfully passing the final examination, the students will receive a license to practise from the Medical College of Calcutta.

The rate of fees will be the same as has lately been laid down for the Campbell School of Medicine, viz. two rupees on entrance, three rupees monthly, and ten rupees for the license.

There will be a certain number of stipends or scholarships, to be awarded by competitive examination, and also the usual number of class prizes.

Facilities for further hospital training will be afforded (for a year or two) to some of the most deserving students, after they have received their license to practise.

The students of the new school will not necessarily have to elect for Government service (in this respect differing from the "Native Medical pupil" class in Calcutta), but they will have the option of doing so under conditions to be hereafter determined by the Government.

The Superintendent of the School shall, until further orders, be the Civil Surgeon of Patna.

The teachers will be of the rank of Sub-Assistant Surgeons now called Assistant Surgeons.

The constitution of the classes in the new school, and the conditions as to age and fitness of candidates, will be based generally (although not strictly) on G. G. O. No. 402 of 1872.

Candidates for admission to the Bankipore Medical School should apply to Dr. D. B. Smith, the Officiating Civil Surgeon of Patna.

Dated Calcutta, the 4th May 1874.

HIGH COURT, ENGLISH DEPARTMENT, Civil.

THE Court is pleased to direct all District Judges and Judicial Commissioners to send up a return of costs incurred in civil suits in the form annexed, for the first 50 cases (of which the records are available) decided in 1873, by each Court in the district, *viz.*, the Courts of Subordinate Judges and Moonsifs and the Small Cause Courts.

2. The cases, though otherwise taken in the order of decision, should comprise, in nearly equal proportions, suits for rent, for money, and for immoveable property.

3. Each suit is to be entered separately in its order as above explained.

4. In the specimen form which accompanies the Circular Order, several of the columns have been filled up by way of example. Costs in appeal and costs after execution will be the subject of separate requisitions hereafter.

5. The attention of District Judges and their subordinates is directed to the faithful and accurate preparation of these returns, which will be useless or worse if not correct.

HIGH COURT.
ENGLISH DEPARTMENT.
Civil.

Having laid before the Court your letter No. 144, dated the 10th instant, as well as your later letter, No. 152, dated 16th April 1874, I am directed to communicate to you the following instructions with regard to the filling up of the columns "on trial" and "otherwise" under the head "suits disposed of" in quarterly statement A.

2. Under the head "on trial" only the two classes of cases mentioned in paragraph 1 of your letter under reply should be included, *viz.*, (1) contested cases, and (2) cases disposed of *ex parte* under Sections 111 and 114. There is no trial where the parties are not at issue, and this is the case where the claim is admitted or a compromise entered into. The two latter classes of cases you mention, *viz.*, (3) cases in which defendant admits plaintiff's claim, and (4) cases compromised (Section 98, C. C. P.) should *not* therefore be included under the category of cases "on trial."

3. I am to add that you will be right in instructing the Subordinate Courts *not* to include in either of the heads "on trial" or "otherwise" cases in which the plaints have been rejected under Sections 29, 31, 32, C. C. P., if the want of jurisdiction or other defect has been discovered before the defendant is summoned. A note of such cases should, however, be kept with a view to their being included in Judicial Statement 8, and the slight discrepancy which will thus arise can be reconciled by a note in the column of remarks.

Doubts having been several times expressed as to whether the minimum fee of Rs. 5, prescribed by Circular Order No. 19, dated 6th August 1873, was intended to be refunded in the event of no sale taking place, the Court has ruled that the fee was not to be refunded. It will be seen, however, that the case now comes under distinct provisions contained in the rules published in the *Calcutta Gazette* of 25th February 1874.

HIGH COURT.
ENGLISH DEPARTMENT.
Civil.

I am directed to acknowledge the receipt of your letter No. 96, dated 9th April 1874, on the subject of the fees which should be levied for the employment of Civil Court Ameens on local investigations in a number of analogous cases, and to communicate in reply the following orders and observations of the Court.

2. The particular case which has been brought before the notice of the Court is of a most unsatisfactory nature. It seems that a zemindar commenced at once 23 suits for enhancement against different ryots in the same mouzah (apparently), and a local enquiry was thought necessary to ascertain the proper rates and the quantity of land held by each ryot. All the holdings being in one place, this was a single enquiry; it occupied 13 days in the whole, and the plaintiff was required to pay 13 days' fee at Rs. 3 per day, or Rs. 39 in each of the 23 cases. This sum accordingly appears in the schedule of costs in each of the suits, and in consequence the amount of costs in 13 out of the 23 suits exceeds the whole demand; the costs in one case (No. 530) amounting indeed to Rs. 46-10-2, while the demand was only Re. 1-10-8.

3. It is not clear, but it may be gathered that the suits were dismissed. If, however, the plaintiff had got a decree, each cultivating ryot would manifestly have had to pay these enormous costs upon a petty increase of a rupee or two possibly upon his rent.

4. To affirm, as is argued in your letter, that the Sudder Court's Circular No. 24 of the 6th November 1857 requires the imposition of such a charge appears to the Court to be an unreasonable construction. Looking at the whole context, the Court are of opinion that the words "in each case," in Section 15, ought to be interpreted as meaning not in each suit but in the case of each enquiry.

5. The Court are, however, now pleased to lay it down expressly that where the circumstances of several suits are such that they can conveniently be disposed of in one enquiry, the expenses shall equally be divided among the several suits. There is no reason why the first suits should pay Rs. 3 and the others Re. 1 each, as you propose, for it is a matter of chance which is first, and the Court are not inclined to think that any attempt should be made to divide the cost rateably. Under the new Court Fee Rules, however (Rules under Clause I, Section 20 of Act VII of 1870, Parts II and III, Article 2), a fee for the Commission must be levied in each case.

6. In conclusion, I am to say that the Court do not desire that any censure should be conveyed to the Moonsif who tried the cases referred in this letter, as he is a young officer, and his practice is borne out by the practice of the district and probably by that of other districts. You are requested to watch henceforth the procedure of all your subordinates and see that the rules laid down by the Court are strictly carried out.

2. The issue of this Circular is rendered necessary because, in some districts it is found that Judges continue to make use of their own forms without the sanction of the Court.

3. The Chairman read a letter from Mr. Molony, the Commissioner of the Rajshahye division, applying on behalf of the district relief committee of Moorshedabad for a grant of Rs. 20,000.

Resolved, that the application be compiled with.

4. The Chairman read a letter from the Commissioner of Burdwan, asking for Rs. 2,000, for the month of May, for the district of Bankoora, in addition to the Rs. 5,000 already sent to that district for the month of May.

Resolved, that the application be complied with.

5. The Chairman read a letter from the Commissioner of Burdwan, containing the information that the Collector of Midnapore calculated his total cash requirements from the Executive Committee to be Rs. 16,000 up to the end of the famine operations. The Commissioner had, however, suggested that the Collector should revise his estimates, as they seemed to him (the Commissioner) to be "extravagant and unnecessary."

Resolved, to await the result of the revision of the estimate suggested by the Commissioner.

6. The Chairman read a letter from the Deputy Commissioner of Hazareebagh, acknowledging the receipt of Rs. 500 transmitted to him, in consequence of Dr. Templeton's representations of the condition of the Sonthals in Pachumba.

The Deputy Commissioner pointed out that there was already a local relief committee at Pachumba, of which Dr. Templeton was Chairman. Resolved, that the application for Rs. 6,000 be complied with.

7. The Chairman read a letter from the Secretary to the district relief committee of Manbhoom, giving details of the expenditure of the Rs. 5,000 received from the Central Committee in *March*, acknowledging the receipt of Rs. 5,000 for *May*, and asking for a grant of Rs. 5,000 for *April*.

Also a letter from the same gentleman, intimating that he had no cash requirements to make for the month of May.

Resolved, that these letters be recorded.

9. The Chairman read a letter from the Collector of Rajshahye, giving a narrative of the relief operations conducted in the sub-divisions of his district.

Resolved, that the information be abstracted.

10. On the motion of Mr. J. R. Bullen Smith, it was resolved that the bi-monthly return of persons relieved should be made in the form given below, so that the statement of persons relieved may correspond as nearly as possible with the statements of expenditure :—

(*a*) The total number of persons receiving grain from local sources or Government depôts.

(*b*) The total number of persons unable to work, and receiving gratuitous relief.*

(*c*) The total number of persons receiving relief by means of useful employment and minor relief works.

(*d*) The total number of persons receiving relief whose caste usages and feelings preclude a labor-test.

(*e*) The total number of poor-houses, and of persons receiving relief in cash.

11. On the motion of the Honb'le Mr. Inglis, it was resolved that the Secretary be desired to address the Chief Commissioner of Oude and the Chairman of the North-Western Provinces' relief fund committee, to the effect that it had been held that subscriptions raised in England on account of the famine in India should not be treated as if available only for famine in Bengal, and that, under these circumstances, the Executive Committee will be glad to consider any requisitions on the funds at their disposal which the Chief Commissioner of Oude and the Chairman of the North-Western Provinces' relief fund might desire to make.

* *N. B.*—Persons entered under heading (*e*) are *not* to be included here.

4. A letter from the Sub-Registrar of Soorool, informing, with reference to paragraph 5 of the Committee's Proceedings of the 4th May last, that he had shown in the accounts sent in by him that 193½ maunds of rice were purchased for storage, was read, and as it appeared that through an oversight of the Secretary the entry was not noticed, it was resolved that the expression of dissatisfaction recorded by the Committee be withdrawn.

5. In consideration of the great increase in the number of persons seeking charitable relief at Soorool, it was resolved to sanction an establishment on Rs. 10 per month to assist the Sub-Registrar in his relief operations.

6. On the application of Reverend W. A. Hobbs, the appointment of a clerk on Rs. 10 to assist him in conducting his relief operations, was sanctioned.

THE Lieutenant-Governor is pleased to order the publication of the following notification for general information:—

H. L. DAMPIER,
Secy. to the Govt. of Bengal.

The 29th April 1874.—It is hereby notified for general information that three new buoys (iron) have been laid to mark the entrance of the Burabulung or Balasore river, viz. the "outer bar buoy" in 6 feet at low-water, painted black; the "inner bar buoy" in 3 feet at low-water, painted red; and the "Elfin flat buoy" in 3 feet at low-water, painted black.

A vessel bound for Balasore should first make the Balasore buoy shown on all charts of the head of the Bay of Bengal, then steer north-west for the "outer bar buoy," pass close to south of it, and steer for the red or inner buoy; when this is reached, she should haul up north and pass close to the "Elfin flat buoy," after passing which she can run right into the river mouth.

There is only one foot at low-water springs on this bar, with a rise of tide of 13 feet; owing to the heavy sea which runs here at times, vessels should only cross the bar at high-water.

A beacon, called "Fairy beacon," to be put up on the south side of the river entrance, which will be useful in event of any of the buoys breaking away.

A tidal gauge has been erected opposite Balramghury house, levelled to 2 feet below low-water level of the tide of 23rd February 1874. This gives approximately the zero of driest season of the year; zero on this gauge gives one foot at low-water on Balasore river bar.

The Balramghury flag-staff will show the following signals for information of vessels entering the river:—

Ensign at yard-arm ...	... Vessel leaving river.
" at mast-head ...	... " entering river.
First cones at yard-arm ...	... Low-water.
Second cones at yard-arm ...	... High-water

No. 573.—*Fort William, the* 3*rd June* 1874.—Her Majesty has been pleased to appoint the under-mentioned gentlemen to be Surgeons in Her Majesty's Indian Military Forces in the Presidency of Bengal. They are accordingly admitted into the service :—

No. 576.—*The* 5*th June* 1874.—The services of Surgeon-Major F. P. Staples, of the Medical Department, doing duty with Her Majesty's 109th Foot, are placed temporarily at the disposal of the Hon'ble the Lieutenant-Governor of Bengal, for employment on His Honor's personal staff.

No. 585.—The following additions and corrections of G. G. O. No. 171, dated 25th February 1874, are notified for general information. Order books to be corrected accordingly :—

To paragraph 1 add the following note :—

"NOTE.—The advantages granted by the furlough rules of 1854 to officers who obtain furlough on medical certificate are not applicable to any officers of the British service whose regiments, battalions, brigades or batteries arrived in India after the date of the Passage Warrant of 1865, and neither those rules nor the furlough rules of 1868 are, *as respects furlough on private affairs*, applicable to British officers serving with their regiments or employed with a five years' tenure in staff situations (see para. 4).

"But officers of the late Indian Army who hold permanent appointments under the Governments of India, and who may have elected to abide by the furlough rules of 1854 in preference to those of 1868, of course retain their election."

2. For the 3rd clause of paragraph 5 substitute the following as clauses 3 and 4 :—

§ 3.—Such officers will be allowed an advance of passage-money, or free passage in a troopship if proceeding in the trooping season, the advance to be refunded on receipt of the balance of furlough pay. The English rate of pay of their rank only will be passed to them during their leave; but at its conclusion, on their presenting an order for them to return to India, the difference between that rate and furlough pay, less the passage-money they have received, will be paid to them in England conditionally on its refund if the order to return to India is not carried out.

Pay allowed them during furlough.

§ 4. Those Royal Engineer officers who arrived in India before the 1st July 1872 are, however, not subject to the provisions of the preceding clause as long as they do not exchange Indian for home service, but draw furlough pay during furlough as others.

3. After clause 4 of the same paragraph (para. 5) add the following :—

§ 5. An officer of the British service holding permanent staff employ under the Government who may proceed on furlough under circumstances which involve the forfeiture of his appointment, must obtain the furlough as a British regimental officer, and it will reckon as a portion of the aggregate eight years of furlough on pay to which an officer is restricted during his service by Rule XVI. But, on again becoming permanently employed, he resumes the right of obtaining furlough under these rules.

A British officer vacating appointment becomes, on re-employment, again eligible to these rules.

4. Instead of the concluding sentence of clause 1 of Rule XXII, following the words "if he possess one," read—

"The aggregate staff salary granted to the acting officer in such cases will not be less than Rs. 100 per mensem unless the full staff salary of the post in which he is officiating is less than that sum."

5. At the end of Rule XXII insert the following note :—

NOTE.—The indulgence granted by § 1 of this rule is only allowed to one *directly* officiating in the place of the officer absent on furlough, not to one acting in the room of an officer who is himself acting for an absentee on furlough.

NOTIFICATION.

The 5th June 1874.—It has been represented to His Honor the Lieutenant-Governor that the multiplication of Rural Registration Offices, advantageous as it is to the public generally, entails some inconvenience on those proprietors of immovable property who reside, not within the sub-district in which their property is situated, but at the sudder station of the district.

With a view of abating the inconvenience complained of, and facilitating the registration of documents in the District Registry Office, instead of in the Sub-Registry Offices, in which they would ordinarily be registered, the Lieutenant-Governor, with the approval of the Governor-General in Council, is pleased to direct the substitution of the following article for the present article (*k*) of the schedule of fees.

(*k*) For registration by any Registrar (other than the Registrar of Calcutta) of any document under Section 30 (*a*).	An extra fee equal to the ordinary fee, or Rs. 5, whichever is less.

NOTIFICATION.

LEAVE OF ABSENCE.

The 5th June 1874.—Baboo Baney Madhub Ghosh, Moonsif of Seebgunge, in the district of Dinagepore, is allowed three months' medical leave, under Section 3, Supplement F of the Civil Leave Code, in substitution of the one month's privilege leave already granted to him under the Court's orders, No. 1261, dated the 6th May 1874.

By order of the High Court,

H. J. S. COTTON, *Offg. Registrar.*

Circular Orders and Memos. by the High Court of Judicature at Fort William in Bengal.

Circular Order No. 13.

Dated Calcutta, the 12th May 1874.

HIGH COURT.
ENGLISH DEPARTMENT.
Civil.

Questions having been raised in connection with the Court Fees' Rules, published in the *Calcutta Gazette* of the 25th February 1874, the Court are pleased to direct the issue of the following instructions in explanation of the effect of the rules:—

I.—Rules under Clause 1, *Section* 20, *Act VII of* 1870, *declaring the fees chargeable for serving and executing processes in the Civil Courts.*

(1.) The summons and supbœna to defendants (or respondents) and witnesses, on the issue of which a fee is provided by Article 1, Parts II and III, are those contemplated by Sections 48, 345, and 149 of the Code of Civil Procedure. They may in either case, therefore, by law contain the names of more than one defendant or witness, and the rules do not at present authorize the imposition of a separate fee on the respective copies prescribed by law to be served on the several persons named therein. If such fee be found necessary, the rule will be reconsidered.

(2.) This explanation does not apply to warrants to bring parties or witnesses before the Court, not being execution processes. In such cases a separate warrant will be issued against each person to be arrested, and a separate fee under Article 1, Parts II and III, as for an "order not elsewhere specified in the Table of Fees," is to be charged for every such process.

(3.) The processes provided for in Article 5, Parts II and III, are exclusively processes directed against a defendant after judgment and in course of execution of a decree.

(4.) Article 2, Parts II and III, which prescribes the fees leviable in respect of a commission and of the remuneration of the Commissioner, does not affect the rules laid down in Circular Order No. 10, dated 31st May 1873, except in so far as the rules direct the charge of a fee on every commission. Clause *a* applies to all commissions. Clause *b* only applies to the cases in which an officer of the Court specially appointed and paid by Government is employed. The charge for the services of such an officer is properly a Court fee payable to Government, which is therefore to be paid in stamps; and to such fees alone the rules apply. But when the Commissioner is a person not receiving pay from Government in respect of his employment as a Commissioner, the rules of remuneration prescribed by Circular Order No. 10, above referred to, apply, and the Commissioner will be paid in cash.

(5.) If the services of peons are required to serve any process which an Ameen or Commissioner is authorized to issue, a fee will be charged under the appropriate heading in the rules. The employment of peons as personal attendants on the Commissioner was not contemplated and is not authorized.

(6.) The amount of fee, when an officer is deputed to put a party in possession under a decree, is to be determined, according to circumstances, either under Article 1 or Article 2 at the discretion of the Court. If the delivery of possession is merely a formal act, and a peon can be employed, the fee as for an order would be charged under Article 1; but if the transaction is more complicated (as involving enquiry or the making of an inventory, or the like), a commission to a superior officer would more properly issue and a fee would be chargeable accordingly.

(7.) In the event of an excess deposit for a commission, or of a compromise rendering it unnecessary to execute the commission at all, the parties will be entitled to a refund in

cash of the excess, or, as the case may be, of the whole of the fees deposited under Clause *b*, but not of the fee under Clause *a* in any case. The Accountant-General will issue separate instructions as to the form of voucher that will be necessary to obtain such refunds.

(8.) Article 3, Parts II and III, prescribes the fee leviable on every process of attachment of property by notice or proclamation. One fee only is chargeable under this article for each process irrespective of the number of items of property therein contained. Where copies have to be issued, no separate charge can be made under the rules as they stand.

(9.) The rules laid laid down in the note to Article 4, Parts II and III, must be followed. Refunds, where properly claimable under this note, will be made in such mode as may hereafter be settled in communication with the Accountant-General.

(10.) As there are no stamps of less denomination than one anna, fractions of an anna are to be abandoned under the rules.

(11.) The heading of the rules shows that they have no application to Revenue Officers acting otherwise than in a judicial capacity, or, in other words, than when they act as Revenue Courts.

(12.) The following Circular Orders are hereby declared cancelled or modified :—Circular Order No. 31, dated 25th September 1867 is cancelled, except paragraph 5 which will continue in force and for convenience of reference is reproduced in the margin. Circular Order No. 20, dated 25th June 1872, is wholly cancelled, as it is superseded by Rule III of the new rules. Paragraph 2 of the Circular Order No. 10, dated 31st May 1873, is in so far affected by the rules that a fee is now to be charged under Clause *a*, Article 2, Parts II and III, upon every commission. Circular Order No. 17, dated 2nd August 1873, is superseded by Rule III, so far as refers to the affixing of stamps to the process. In cases where application is made for the issue of process beyond the jurisdiction of the Court, the application will bear the proper stamp, and an endorsement will be made on the process to the effect that the proper stamps have been affixed to the application. Circular Order No. 19, dated 6th August 1873, is superseded by Article 6, Parts II and III of the rules, and is wholly cancelled.

In addition to [other] fees, the actual charge which must be incurred if it is necessary to employ boats or cross-ferries is to be levied from and paid by the person at whose instance the process is issued, before issue of the process to the peon who carries the process.

II.—Rules under Clause 2, Section 20 of the Court Fees' Act, declaring the fees chargeable in the Courts of Magistrates.

13. Rule I, Clauses 1 and 2, prescribes the fees leviable upon warrants of arrest and summonses. The process is one, whether one or more persons be named therein and whether such persons reside in one place or not, but an additional fee of 4 annas is chargeable in respect of every person exceeding one named in a warrant, and an additional fee of 4 annas is chargeable in respect of every additional person, not being the second person of more than two residing in the same village, named in a summons. Thus, if the summons include one person residing in village A, and a second person residing in village B, the additional fee is chargeable in respect of such second person.

(14.) Magistrates may follow the principle of Rule III of the rules under Clause 1, Section 20, for the Civil Courts, in realizing Court fees in Criminal Courts.

(15.) The charge for boat-hire, when it has to be incurred, is not a Court fee realizable by stamps. There is nothing in the rules to introduce a change in the existing practice, and the charge must be borne as heretofore by Government.

III.—Rules under Clause 3, Section 20, Act VII of 1870, for the remuneration of persons employed in the service of processes.

(16.) The intervals and rate of increment which govern the increase of salaries of the establishment to which the officer belongs are applicable under these rules and will take effect from the date of their promulgation, except when the application of this order will reduce the pay of present duly qualified peons.

(17.) The establishment of peons of a Subordinate Judge's Court when the Subordinate Judge is also Judge of the Court of Small Causes is to be kept distinct from the Small Cause Court establishment.

IV.—Rules under Section 22, Act VII of 1870, for calculating the number of peons to be employed by Civil Courts and Magistrates.

(18.) Clause 2, Section 20 of the rules clearly indicates that only processes in cases of offences, other than offences for which police officers may arrest without warrant, are to be served by peons employed under the Courts Fees' Act.

By order of the High Court,

H. J. S. COTTON, *Officiating Registrar.*

CALCUTTA CUSTOM HOUSE, the 9th June 1874.

CENTRAL RELIEF FUND.

Proceedings of the Thirteenth Meeting of the Executive Committee of the Central Famine Relief Fund, held on the 21st May 1874.

PRESENT:

The Hon'ble V. H. Schalch, *Chairman.*	J. R. Bullen Smith, Esq.
" " John Inglis.	Moonshee Ameer Ali Khan Bahadoor.
" " T. M. Robinson.	Hon'ble Baboo Doorga Churn Laha.

1. The Chairman read a letter, No. 3152—S.R., dated 15th May 1874, from the Government of Bengal,—it was in reply to the Secretary's No. 99, dated 18th April. The Lieutenant-Governor would notify to Government officers and to local committees that the Central Committee had taken upon the charitable relief fund the entire expense of giving relief throughout the famine districts, under heads (*b*), (*c*), and (*d*), of the Committee's notification of the 4th March. The Lieutenant-Governor thinks that "it will be better for each locality that the relief committee should obtain their grain from the Government stores, and that they should not, by going into the market, aggravate the dearness of prices. If the Central Committee take this view, then grain for charitable relief will be furnished from the Government stores, at the rate of 12 seers per rupee for cleaned rice, and at proportionate rates for other grains.

Resolved, that the Committee do accept the Lieutenant-Governor's view of the matter.

2. The Chairman read a letter from the Commissioner of Burdwan. This contained an application from the Collector of Bankoora for Rs. 4,000 in addition to the Rs. 5,000 already granted. The Chairman noticed that the Committee had already sent Rs. 2,000 in addition to the Rs. 5,000.

Resolved, to sent Rs. 2,000 more to Bankoora.

3. The Chairman read a letter from the Commissioner of Chota Nagpore, applying for Rs. 1,000 to be expended by the Palamow sub-divisional central relief committee in gratuitous relief. There were reported to be 800 persons receiving gratuitous relief in Palamow.

The Hon'ble T. M. Robinson thought that gratuitous relief was sometimes given without the necessity for it being first sufficiently tested. It was known to him that more than 50 per cent. of the workpeople had left some coal workings in Palamow in order to avail themselves of gratuitous relief.

Resolved, that the sum of Rs. 1,000 be sent to Palamow, but that the Secretary be instructed to bring the matter urged by Mr. Robinson to the notice of the Assistant Commissioner, and to state to the Assistant Commissioner that the Committee hoped the money would not be spent without proper and sufficient cause. People who can get regular employment and sufficient wages are obviously not in need of, and ought not to receive, gratuitous relief or require relief works under the committee to be opened for their benefit.

4. The Chairman read a letter from the Commissioner of Chota Nagpore, intimating that no money would be required for Lohardugga for the month of June.

Resolved, that the letter be recorded.

5. The Chairman read a letter from the Commissioner of Chota Nagpore, intimating that the Deputy Commissioner of Hazareebagh estimated his requirements for the month of June at Rs. 5,000.

Resolved, that Rs. 5,000 be granted accordingly.

6. The Chairman read a letter from the Commissioner of Patna, forwarding bi-monthly statements and accounts for the districts of Patna, Gya, and Sarun.

Resolved, that the Collector of Sarun be asked to explain why he has not entered in his accounts anything of the money forwarded to him by the Central Committee.

7. The Chairman read a draft of a proposed letter to the Government of Bengal, proposing a form of account and statement to be submitted periodically to the Committee by the Commissioners of famine districts. The letter further stated that, as "provision will have to be made for the orphans left destitute through the effects of the famine, the Committee have entered in the form of statement a heading to meet that contingency." The attention of the Government was directed to the Commissioner's letter No. 74, of the 26th March.

Resolved, that the draft be approved.

8. The Chairman read a draft of a proposed letter to the Commissioners of famine districts, stating a wish to supply the destitute and those unable to work with sufficient clothing, and that expense incurred for that purpose should be charged under (*b*). Also, that under the same heading should be entered—first, all expenses connected with the purchase and distribution and storage of grain at the expense of the Central Committee; second, with all poor-houses and relief centres into and from which persons are received and relieved at the expense of the Central Famine Fund. The letter further stated the Committee's desire that all cases coming under (*d*) should be liberally considered and dealt with.

Resolved, that the draft, as amended, be approved.

DISTRICT RELIEF COMMITTEES.

Proceedings of the Executive Relief Committee held on the 26th May 1874.

As relief works are in progress in the sudder division, and charitable relief is being given in several parts of the district, it is desirable that there should be sufficient food-grain in the district to meet the growing demands of the people. But as experience has shown that the stocks are most likely to run short from the slightest bad weather, and in accordance to Government letter No. 3262—S.R., of the 2nd instant, it is necessary that some grain should be stored in the district, it is therefore resolved that application may be made to Government to import 10,000 maunds of rice from Calcutta,—6,000 maunds to be sent to Goalundo and 4,000 to Kooshtea. Should Mr. Nolan ask for a further supply than what has been already allowed him, another application will be made afterwards. If the requisition be granted, it is hoped that information may be given as to when we may expect the supply.

2. Read the reports from the several sub-committees, but, there being nothing of sufficient importance to require prominent notice, orders passed on the reports themselves.

FROM

THE AUDITORS OF THE ACCOUNTS OF THE JUSTICES OF THE PEACE FOR THE TOWN OF CALCUTTA,

To

THE JUSTICES OF THE PEACE FOR THE TOWN OF CALCUTTA.

GENTLEMEN,

We have examined your Accounts for the year 1873, and have found them to be correct, with the following exceptions :

2. We have disallowed the charges described in the accompanying list for the reasons stated against them, and we are unable to certify to the receipts noted in the margin, in consequence of the following circumstances. No account or particulars of any kind are furnished in reference to the item marked A, which we understand represents net collections, but we have no information as to the character or amount of the charges deducted. According to the debenture registers, the amount of item B should have been Rs. 536, and the difference apparently has been made up in the present year, 1874. There are no ticket account and works register, by which may be tested respectively the correctness of the items marked C and D. The item E cannot be agreed with its relative charges.

	Rs.
A.—Fees for removal of nightsoil from private houses and from Tollah mehter's depôts ...	35,493
B.—Fees for renewal of debenture bonds	356
C.—Earnings of Municipal tramway...	8,048
D.—Earnings of Printing Department	1,756
E.—House-drainage fees ...	2,397

We have not completed the audit of your Store Accounts, partly because they were not furnished to us in time, and partly in consequence of the examination requiring more time than was expected, and we will not now report upon them, except in regard to a few questions which it is desirable to consider at once. The Store Accounts are more elaborate than they need be, as the issues are in small quantities according to daily requirements, and are valued with reference to their cost price in each case. The issues, moreover, in some instances, are not direct to the indenting departments, but through other depôts,—a system which only entails double accounting. The accounts may be simplified by registering separately, according to quantities, the supplies made to each department, the values being computed on the sum total of the month. These separate registers will facilitate the preparation of the monthly transfer bills, while the figures entered in them can readily be combined for ledger postings. Lastly, there should be agreement between the Store Accounts and the corresponding headings in your principal Ledger, and for this purpose the arrangements recommended in our last Annual Report might be carried out, and the balances verified by an annual stocktaking on 31st December. It is not necessary to examine every article in stock. It will be sufficient to test the accuracy of 25 per cent., provided the articles are selected at hazard, and without communication with the officers who have to deal with them. The transfer bill should exhibit only the quantity and value of stores supplied, such extra charges as coolie-hire, &c., being drawn on separate cash vouchers.

4. It is also our duty to bring the following matters to your notice. The Assessment Book does not afford a sufficient check upon the collection of city rates, as we have already brought to your notice on previous occasions. The city rates become due in January, April, July, and October of each year, but the largest collections are not generally made in those months. There is no list of outstanding bills on account of these rates with which the corresponding Ledger balances may be compared, and there appears to be no check on the abatements at 2 per cent. granted for prompt payment of the water rate. The statistics of income and expenditure, which we recommended should be kept up, and which were commenced with your sanction, are not continued. The adjustments on account of the Sinking Fund relating to your debenture debt could not be made in the Ledger of 1873, in consequence of the Trustees not having furnished in time the returns required from them, but these returns have since been received, and show that the necessary investments were duly made.

We have the honor to be,
GENTLEMEN,
Your Most Obedient Servants,
EDWARD F. HARRISON,
Comptroller-General.
EDWIN W. KELLNER,
Assistant Comptroller-General.
